

ARYAN SHARMA

Frontend Developer Intern · React Developer Intern · Software Development Intern

Delhi, India | arayan11587kvrsoodelhi@gmail.com | +91 8076233501

[Portfolio](#) | [GitHub](#) | [LinkedIn](#)

SUMMARY

BCA student with practical React and TypeScript project experience, building responsive, component-based interfaces and integrating them with REST APIs I built myself in Python/FastAPI, persisted in PostgreSQL. Projects are deployed and verified end-to-end, with additional work in cybersecurity dashboards. Seeking a Frontend or React Developer internship.

TECHNICAL SKILLS

Frontend: React, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Vite, component architecture, responsive UI development

UI & Interaction: Framer Motion, GSAP, Lenis, animation, accessibility, interactive interfaces

Backend & APIs: Python, FastAPI, REST API design, WebSockets

Database: PostgreSQL, SQLAlchemy, asyncpg

Tools & Deployment: Git, GitHub, Vercel, Render, Neon PostgreSQL, PowerShell

Additional Interests: Cybersecurity dashboards, security data visualization, web application security, AI tools

SELECTED TECHNICAL PROJECTS

VIGIL — Cloud Security Intelligence Platform

[Live](#) · [GitHub](#)

React · TypeScript · Vite · FastAPI · SQLAlchemy · PostgreSQL (Neon) · Vercel · Render

- Built a full-stack cloud-security dashboard: a React/TypeScript frontend consuming 8 database-backed REST endpoints from an async FastAPI service, with data persisted in PostgreSQL via SQLAlchemy.
- Implemented asset and vulnerability inventory, filtering, pagination, and dashboard summary/security-score endpoints, with explicit empty-state handling instead of fabricated results.
- Covered the backend with 28 automated pytest tests run against an isolated SQLite database, and deployed frontend and backend separately (Vercel + Render) with a managed Neon PostgreSQL instance.

Typing Car Racing Game (In Development)

[GitHub](#)

React 19 · TypeScript · React Three Fiber · Three.js · Tailwind CSS · Vite

- Building a browser-based typing/racing game with React Three Fiber and Three.js, combining 2D and 3D race scenes with a typing-accuracy-driven gameplay loop, a campaign map, and garage customization.
- Designed a 12-level campaign across three worlds (Neon City, Sunset Mesa, Alpine Dawn) with unlock logic validated by automated unit tests; first world playable and tested, remaining levels in progress.

Personal Developer Portfolio

[Live](#) · [GitHub](#)

React · TypeScript · Vite · Tailwind CSS · GSAP · Framer Motion · Lenis

- Designed and built a responsive developer portfolio in React, TypeScript and Tailwind CSS, presenting projects, technical skills, and verified certificates.
- Implemented scroll-driven animation with GSAP/ScrollTrigger, Framer Motion, and Lenis smooth scrolling, plus keyboard-accessible, focus-managed modals and prefers-reduced-motion support.

Sentinel SOC — Security Operations Dashboard

[Live](#) · [GitHub](#)

React 19 · TypeScript · Tailwind CSS · FastAPI · WebSockets

- Built an 11-screen security-operations dashboard (incident investigation, live events, MITRE ATT&CK mapping, threat intelligence, audit log) in React, TypeScript and Tailwind CSS.
- Implemented a real-time WebSocket pipeline streaming simulated security telemetry to the frontend, and integrated live NIST NVD and CISA KEV threat-intelligence feeds.
- Labelled as an educational SOC simulation: telemetry and incident response actions are clearly marked simulated, while the NVD/KEV threat-intel integration uses live external data.

CERTIFICATIONS & ACHIEVEMENTS

- **Certified LLM Security Expert (CLLMSE)** — Red Team Leaders (September 2026)
- **AI Fundamentals and Applications — Certificate of Merit** — EY × Anudip Foundation (Top 5 among participants from 2 colleges)
- **AI Skills Passport** — EY × Microsoft
- **OWASP Security Summit 2026 — Certificate of Participation** — OWASP / Knight Secured Company (October 2026)

EDUCATION

Bachelor of Computer Applications (BCA)

Trinity Institute of Professional Studies (TIPS), affiliated with Guru Gobind Singh Indraprastha University (GGSIPU) — Delhi, India
